

# SHAWNCONRAD *Front-end UI Web Developer*

**LOCATION:** Austell, GA **PHONE:** 678-744-3915 **EMAIL:** shawn@shawnconrad.com **WEBSITE:** www.shawnconrad.com

## PROFILE

Front-end developer with expert skills in HTML5 and CSS3 including intermediate skills in JavaScript and JavaScript frameworks. Experienced working on Agile teams on enterprise level applications and websites.

## LANGUAGES & SKILLS

HTML5, CSS3, core JavaScript, knowlegde and understanding of Angular 2, past experience with Angular 1, jQuery, LESS, SASS, Bootstrap, Foundation, Material Design, Wordpress, Git, Bower, NPM

## PORTFOLIO SNAPSHOT

Portfolio includes projects completed for Coca- Cola, Home Depot, and Web MD. For such projects I functioned as the primary UI Developer, refining the placement and look of end-user facing components/features. I implemented mockups from the design team by hand-coded all work using HTML5, CSS3, and JavaSript for internal applications and websites. In some cases I created the mockups and did the Photoshop image editing. View portfolio at [www.shawnconrad.com/#/portfolio](http://www.shawnconrad.com/#/portfolio)
